

Victory Christian High School HUMANITIES Course Credit Outline

For this course the student must learn to research, record, relate and report what has been learned by using the following outline:

1. **Select to study:** 3 Artists, 3 Composers, and 3 Poets;
2. **Obtain:** 5 samples **each** of their individual works;
3. **Obtain:** a photostatic copy of an image (picture portrait or sketch) of **each** artist, composer and poet being studied (a total of 9 photos or pictures);
4. **Write** in your own words a one full page , biographical sketch of **each** artist, composer, and poet being studied. (This information may be taken from an encyclopedia.) There **must** be 9 biographical sketches in all;
5. **Select 1 Artist, 1 Composer, and 1 Poet** of the three (3) that have been studied and read a biography or autobiography of each and write 1 essay of 350-500 words on each book read for a total of 3 essays. (These essays may be used to count toward the 9 required for any given VCS high school year. For simplicity, use the VCS book report outline.)
6. **Putting** it altogether you will need to write a "cover sheet," which will be the first page placed in a folder with center metal clasps, and the words are to be centered on the page and contain the following:
HUMANITIES
(your name)
(your grade level)
(school year in which this course was written)
VICTORY CHRISTIAN SCHOOL

The **Second** page in your folder will be the "Table of Contents" and should be written as follows:

- I. ARTISTS (list in your outline alphabetically)
 - A. (Picture portrait of artist)
 1. (Biographical sketch)
 2. (5 samples of work)

Repeat the same outline as above for the composers (Roman numeral II) and poets (Roman numeral III).

The very **last** page in your folder **must** contain a bibliography of **all** books used for research.

Write them alphabetically with name of book used **first**, then the author's name **second** (with last name first), name of publishing house, **third**, and the copy right date of the book, **last**.

All pages of the HUMANITIES theme book **must** be numbered at the top, right-hand corner, except for the cover sheet, table of contents and bibliography. The whole composition **must** be mailed to VCS Headquarters's Office to obtain credit, so it is highly suggested that a copy be made to keep by the student. All written material to be presented in folder may be hand written or typed, but to be acceptable must be double spaced. NOTE: to Teacher: If you wish, you may use the VCS "Field Trip Questionnaire" as **tests**, and submit them in the completed folder.

DOUBLE REMINDER: All book reports written from biographies read for this Humanities credit may be included as part of the nine (9) needed for one given school year to complete the requirement for the English Studies credit.
